Pardee Lifeline offers free installations for the month of January

(Hendersonville, NC) Pardee Lifeline, a system that summons help immediately at the touch of a button, is offering free installations during the month of January.

"If you sign up in January in addition to the free installation, the first month of service is free," said Ron Comeens, Lifeline coordinator for Pardee Hospital. "This is a $76 value."

The service is ideal for those with high-risk medical conditions, chronic illnesses or individuals with limited mobility. Lifeline offers other services as well, such as a speakerphone function allowing individuals to answer the telephone without using a handheld receiver and the ability to leave reminders of important things to do throughout the day.

Lifeline operators are available to answer questions or provide assistance 24 hours a day, seven days a week. Lifeline also retains pertinent health history and information on who to contact in the case of an emergency, when an individual is unable to provide this information.

"Lifeline's personal medical alert service and equipment options make it easy to select the safety and convenience features that work best for you and your family," said Comeens.

Subscription to this service is available for a low monthly fee, based on the types of options selected. For more information about this free installation offer, call 1-800-242-1306, x4748.

Pardee Hospital is a not-for-profit community hospital founded in 1953. The main hospital is licensed for 222 acute care beds and is the second largest employer in Henderson County. The hospital has several locations separate from the main campus, including an adult day services center, a health education center in the Blue Ridge Mall, home care services, a rehab and wellness center, a midwifery program, various family and internal medicine practices, and an urgent care facility. For more information or to find a physician, call 1-866-790-WELL (9355) or visit www.pardeehospital.org.
